

Become a Sloane's Champion and help a Thurgoona local!

Sloane's Froglet Citizen Science Monitoring Program

You are invited to an evening with Sloane's froglet, a very special Thurgoona local who needs your help.

- Hear about the Sloane's froglet conservation program in Thurgoona
- Learn how to identify and record frogs using FrogID
- Join Sloane's Champions and help us save Sloane's froglet
- Bring warm clothes and a head torch
- Coffee/tea will be available
- *If you can, we recommend downloading the FrogID mobile phone app. beforehand and joining the "Sloane's Champions" group*

When: 6:00 (for a 6:30 pm start) to 9:00 pm, Friday 21 June 2019

Where: Thurgoona Golf Club, 1 Evesham Place

RSVP: by 19 June to enquiries@wtlandcare.org

All welcome!!!!

How to get FrogID & join the Sloane's Champions group

- You will need to have access to a Smartphone (iOS or Android)
- Download the FrogID app. onto your Smartphone
- Create a personal profile. You can do this in two ways:
 - Navigate to the FrogID website from the FrogID app on your phone (open the app., click on “profile”, and then click on the “click here to explore website” tab) OR
 - Go to the FrogID website from a desktop computer. Click on “login”. Choose to create a new account.
- When creating an account, there will be a field to “join an existing group”. Search for “Sloane's Champions” and join the group.
- Finalise your account.
- Start recording and uploading data!
- *Please note that like many apps, downloading FrogID and using all its functions uses data. Generally, uploading and downloading content through a WIFI network is the quickest and cheapest option.*
